

Are you ready for EeRS

EeRS – the Electronic Eyecare Referral Service for Birmingham and Solihull ICB

It's Spring, now is the time to leap into action

Easy steps

Step 1 click on this link and register your interest with Cinapsis the provider of the EeRS platform 2 minutes by 15th March
['Registration of interest'](#)

Step 2 update/start your DSPT declaration

Not done one go to

[Quality in Optometry - Welcome](#)

All the support you need is there and the toolkit is submitted for you direct to NHS Digital

Complete ASAP but before Easter

Professional support makes it

easy 4U

Step 3 look out for emails from Cinapsis sign your DPP [data protection protocol agreement] and complete onboarding

Thankyou

to all those already signed up

"Registering and onboarding my practice for the EeRS was simple and straight forward. Reading, completing, signing, and returning of the forms needed was very easy, and only took a short time." Andrew Martin

*Make sure you sign up to have access to the **£multi-million NHS investment** in optometry in England.*

*Are you a business owner providing sight testing then you need to **act now.***

Access to referrals will be phased once the local connections have been tested.

*Look out for emails from your **LOC** As soon as you are onboarded ask your optometrists locums and support staff to complete the training.*

Get the best for your patients send referrals by EeRS for quick triage and outcome feedback direct to your inbox

*Are you an optometrist working in a practice then you will be onboarded through the practice[s] you work at, **ask your employer** to follow the easy steps.*

Want to know more see the attached information sheet or visit our website

[Birmingham LOC \(loc-online.co.uk\)](#)

[Solihull LOC \(solihull-loc.co.uk\)](#)

WIN WIN with your **LOC** making it **easy 4U**
