

Community Eyecare
better care for local people

Open Evening

Community Eyecare are delighted to invite you to our open evening event, which is taking place at our new facility in Coventry.

This will be a great chance for us to show you around the facility, meet some of the team and network with your local colleagues.

Itinerary:

6pm Meet and Greet - Drinks and Buffet

6:30pm Facilities tours

Attending the event will also allow us to tell you about our post-cataract shared-care scheme which has some great benefits to your practice, such as:

- Fees paid for post-cataract assessments
- Patients return to your practice following surgery
- Clinical helpline for any support queries
- Increase patient loyalty for your practice
