

Post-Cataract Shared Care

What is a Shared-Care Scheme?

Community Eyecare's post-cataract shared-care scheme allows us to develop and strengthen our partnerships with local Optometry practices. Optometrists can become more involved in the patient's care pathway and provide a seamless experience in treatment from start to finish. It also ensures that your patient returns to you, their Optometrist, at the heart of the Community.

Why choose Community Eyecare?

- Paid post-cataract assessments
- *Free door-to-door patient transport
- Additional revenue for your business
- Get your patients back to to your practice
- No invoicing required
- Monthly e-statement provided
- Referrals triaged within 48 hours
- Ongoing CET Events and Training

97%
PATIENT SATISFACTION

97% Patients satisfied with the treatment they received from Community Eyecare

92% Patients likely to recommend Community Eyecare to friends and family

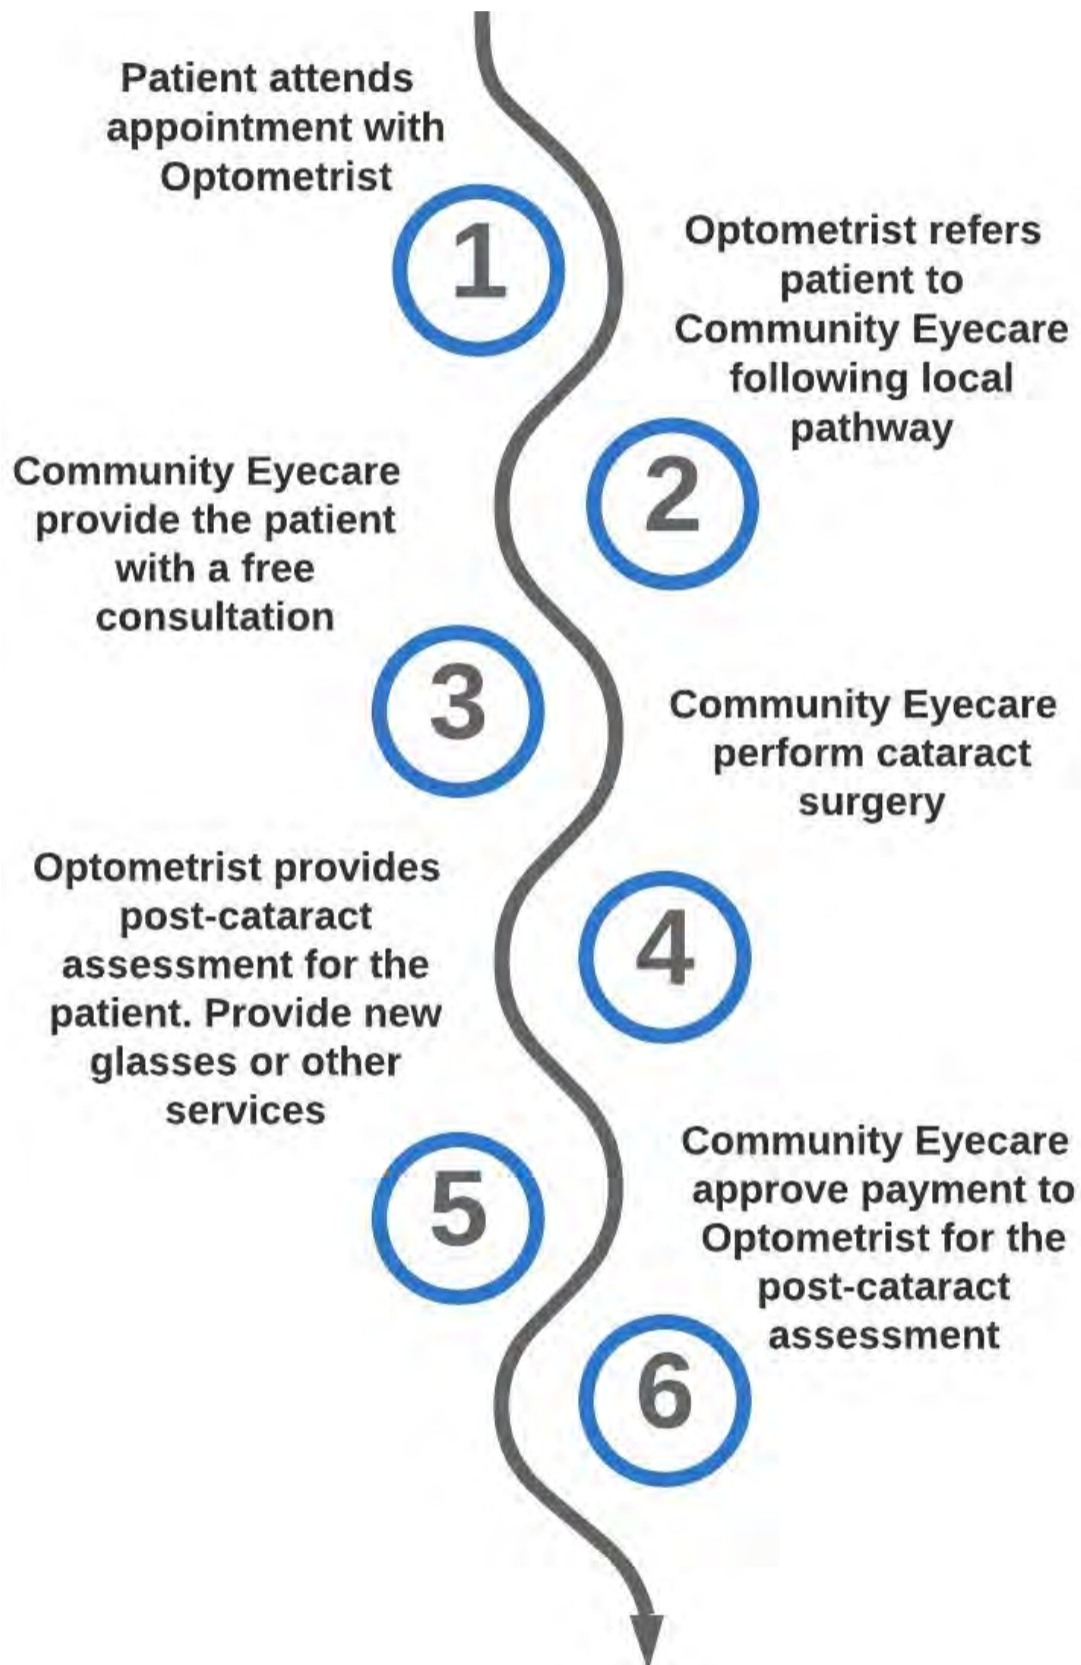

93% Patients who had an overall positive experience of Community Eyecare

88% Optometrists and GP's are recommending our services to patients

How does it work?

Our Post-cataract Shared Care Scheme is aimed at creating a pathway to allow Optometrists and Ophthalmologists to work together to provide optimal treatment to patients. The 6-step process below illustrates how the scheme works:

"All the staff are absolutely fantastic, I couldn't praise them enough!"

You also have the benefit of a locally-based Client Relationship Executive available to visit your store on a regular basis to provide help, support and any updated information when required.

For referral pathway information for your area, please contact your local Client Relationship Executive at engagement@chec.uk
