

10th July 2020

To all Community Pharmacies and Optometrists in the South East Region

Dear Colleagues

INTRODUCTION TO THE PHARMACY AND OPTOMETRY TEAM

We apologise that we have not written to you sooner to let you know of the regional changes that NHS England and NHS Improvement have implemented from the 1st April 2020, and this delay is as a result of our work to the Covid-19 workstream.

As a result of the regional changes, there have been corresponding changes to the Pharmacy and Optometry team.

The NHS England and NHS Improvement South East Regional Team now covers the areas of the previous NHS England Area Teams in Thames Valley, Kent, Surrey & Sussex and the Hampshire & Isle of Wight areas of the Wessex Area Team.

We would like to introduce the team that is responsible for Pharmacy and Optometry Commissioning in the NHS England and NHS Improvement South East Region.

The attached contact sheet shows who is in the Pharmacy and Optometry Team, and their respective roles.

Our team uses generic email addresses,

for pharmacy please use: england.southeastcommunitypharmacy@nhs.net

for optometry please use: england.southeastoptometry@nhs.net

Please do not send emails to the generic email addresses for the Wessex and Thames Valley Area Teams as these will shortly be deactivated.

If you need to contact us, then please do so by email to the south east email addresses shown above and we will respond as quickly as we can. Please note in normal circumstances we operate out of multiple offices in the South East so email is the preferred means of contact.

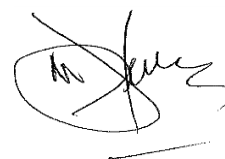

We all look forward to working with you as part of the new NHS England and NHS Improvement South East Region Pharmacy and Optometry Team.

Please do not hesitate to contact a member of the team should you have any queries.

Yours sincerely

Marian Basra

Mike Hedley

NHS England and NHS Improvement South East Region
Senior Commissioning Managers for Pharmacy and Optometry
